

Bio Drain Fresh

Biologically Removes Drain Line Odours

The biological solution for the removal of fats and greases in drain lines, Bio Drain Fresh quickly removes drain line malodours – and continues to work long after initial application.

KEY PROPERTIES

Bio Drain Fresh is a highly effective biological product, designed to form a bio-film around the inside of drain lines and pipework. Bio Drain Fresh captures and digest fats and greases (FOG) – the main cause of washroom malodours.

Supplied in an easily pourable gel, Bio Drain Fresh contains a pleasant, long lasting fragrance.

Suitable for use in domestic and smaller commercial operations.

- Biological
- Powerful
- Long lasting
- Septic tank friendly

APPLICATION

- Apply direct to the drain or via the sink or toilet.
- For removing washroom drain odours, apply initial dose of 50ml.
- Apply a further 50ml daily for the next two days.
- To prevent further build ups, continue to apply 50ml weekly.
- Bio Drain Fresh continues working for up to 3 days after application.

TECHNICAL DATA

Appearance	Green viscous liquid	SG	1.0
Bacterial Count	$> 1.0 \times 10^7$ cfu/ml	pH	8.0

PACKAGING

12 x 1L bottles, 2 x 5L, 4 x 5L, 20L, 200L containers
